Stage – Smart Society Clinic Almere (Amsterdam Metropolitan Area)

In the context of the international programmes offered by La Salle Barcelona Campus (URL), La Salle Almere Campus, in collaboration with the Municipality of Almere (The Netherlands), invites you to get enrolled to the **Smart Society Clinic** stage, which is going to take place on **15th and 16th October 2015**, in the Dutch city of **Almere (Amsterdam Metropolitan Area)**.

Goals and Benefits

The goal of this stage is to complement in a practical way, the attendant's background about Smart Cities. It will be a practical and intense experience, as well as a unique opportunity, based in master classes, visits, and networking sessions, delivered by a wide experienced specialists and responsible in the development of Smart Cities in the Northern Europe.

Target

The stage is targeted to engineers, professionals of the market related to Smart Cities and Internet of Things, as well as to last year students of programmes in Engineering and Architecture, interested in acquiring and expanding their knowledge related to the problems of the Smart Cities development, through a relevant presentation of a business case of the newest city of Europe.

Methodology

The stage is designed to be a practical training tool, based in the combination of Masterclasses and guided tours to strategic sites in the context of Smart Cities, in a city belonging to Amsterdam Metropolitan Area.
